Industries

SO WHY CHOOSE

Quality products & Expert care

Our mission is to equip tooling professionals with reliable products and expert advice, empowering them to stay competitive in a global market.

BEING PREPARED IS CRITICAL

With the help of Globex, you can focus on design and tryout.

Customer engineered products that are produced economically and applied into your successful project.

"I highly recommend Globe X for high quality, on time details at the best cost I've found"

Tool & Die Shop Owner
Grand Rapids, MI

- High-quality, reliable details that can withstand even the toughest conditions backed by an American warranty.
- Eliminate the risk of going over budget and the hassle of managing details. Let us help you.
- Material equivalents and heat treat requirements are carefully monitored. Die steels are fully weldable.
- 3D forms are hard cut after heat treat.
- Progress updates at your convenience.
- Professional Project Managers in China follow each project.
- Typical delivery runs 4-6 weeks for air freight details. 10-14 weeks by sea.

At GlobeX, we differentiate ourselves from the competition by offering a wide range of high-quality components and assemblies at a very competitive cost.

Discover the savings in BCC details

From die or mold details, check fixtures and full builds, we've got everything you need to make the most of your time in the industry.

Our knowledgeable and friendly staff are always on hand to provide expert service and advice, ensuring that you leave feeling confident and you're getting what you expect, quality details delivered on time.

We don't just sell BCC components - we sell solutions. With more than 15 years of experience we're passionate about helping you find the perfect solution to fit your needs and budget. We can creatively combine timing and shipping options that save you time and money.
